

2022 TRAVEL INFORMATION

Thank you for attending the 2022 TargetCancer Foundation Think Tank on Advancing Precision Medicine in Rare Cancers and TargetCancer Foundation Gala. Both events will be held on September 21, 2022 at the State Room, which is located at 60 State Street on the 33rd floor. Please find Boston-area travel information below.

AIRFARE/TRAIN:

- We recommend that flights are booked into Logan International Airport (BOS).
 - Without traffic, Logan International Airport is a 20-minute drive from the State Room.
- We recommend that trains are booked into South Station (BOS).
 - Without traffic, South Station is a 10-minute drive from the State Room.

TRANSPORTATION:

Ground transportation options, such as bus, subway, taxi, Uber/Lyft, are available in the area. If hiring a taxi/Uber/Lyft, your drop-off location will be 60 State Street. The closest MBTA stops are "State Street" and "Government Center". We **do not** recommend utilizing the MBTA at this time due to significant schedule disruption caused by extensive repair work.
